

ELIGIBILITY TO OBTAIN AN ILLINOIS DEATH RECORD

Before a request for an uncertified or certified copy can be considered, you must specify your eligibility to obtain it. IICS410/535/25/4(d) states that copies of death or fetal death records may be issued upon:

- The specific written request for an uncertified or certified copy by a person, or his duly authorized agent, having a genealogical, (record must be more than 20 years old), personal or property right interest in the record.

If you are requesting a death certificate as the **duly authorized agent** or **legal representative**, please know that you must provide proof.

- We will review the request if you have a written document naming you as one of the following: a licensed attorney acting on behalf of a decedent or his/her estate; an agent authorized by power of attorney; a court-appointed personal representative, executor/administrator; or an agent with expressed, notarized authorization.

If you are requesting a death certificate as someone claiming a **legal, personal or property interest**, please know that you must provide proof.

- We will review the request if you have a written document demonstrating that you have a personal or property interest at stake, such as a will naming you, a letter on a firm's letterhead or a file-stamped copy of a complaint at law.

If you are eligible, please indicate on the front of this application your relationship to the deceased person, whose record you are requesting, the intended use of the copy and proof.
